STATE STILL NEARLY
6 MILLION SHORT

Neglect of Banks To Use Pink Cards Retarding Finals; State Committee Makes Renewed Appeal For 'V' Loan

Oklahoma City, May 8—Oklahoma is still five million, three hundred thousand and eighty-two thousand dollars short of its quota in the Victory loan according to official reports received at state headquarters up to noon today.

Over two million dollars a day will be required to pull the state out before the close of the final drive.

Part of this deficit is due to the delay of banks not sending in their pink cards. There is grave danger that even though every county in the state should meet its obligation Oklahoma would fail to get credit for this attainment in the absence of bank reports. The county banks are still being given their quotas in counties which otherwise would go over the top, and these are urged to use all diligence in giving their communities and their counties proper credit. Oklahoma must not be kept from her rightful place through negligence of bank officers in sending in pink cards. In the opinion of the executive committee, and all banks are again urged by state headquarters to look to Oklahoma's laurels.

"Because I must," said Edward. "All the kids take presents."

"That's all nonsense," declared father. "Every day or two it is a present here or a present there. If you can't be invited without taking a present, you'd better not go."

Edward made no reply. The next day his father regretted his hasty words to his unhappy-looking little son.

"Edward," he said, "I bought a couple of books tonight for you to take to John's party."

"It's too late now, father," said Edward, gloomily. "I ticked him today, so he wouldn't invite me."—Toronto Mail and Empire.

FORMER KAISER DID NOT OWN CANADA LAND

Ottawa, Ont., May 8—Rumors that William Hohenlohe owned vast tracts of land in the Canadian far west are denied by government investigators who have announced that the former emperor does not own a dollar's worth of holdings in British Columbia.

Several million dollars worth of property of enemy aliens which is being held by the Dominion custodian will not be disposed of until after the peace treaty is signed, it is understood.

HE DOES HEAVY WORK

"I do heavy work, and that is a strain on a man's kidneys," writes Bert Dawson, Canton, Ill. "My trouble started with severe, sharp pains over my back. I bought a bottle of Folev Kidney Pills, and before it was gone, my pains had entirely left me. They banish rheumatic pains, backache, soreness, stiffness. Sold everywhere."

RUFFIANS BEAT AND ROB LEGLESS HERO OF VERDUN

St. Louis, Mo., May 8—Highwaymen robbed and beat Tuxton J. Barrick, 25 years old, a legless hero of Verdun early this month.

Barrick was robbed of \$10 after he had been beaten over the head with a revolver.

Little as he was, Edward knew a lot about fathers, especially his own father, so he approached the difficult question on hand dubiously.

"Father," he said, "John Burton is going to have a birthday next week and he said he was going to invite me. I've got to take him a present."

"A present?" snorted Edward's father. "What for?"

DOMESTIC SCIENCE CLUB ALL-DAY MEET.

In spite of the heavy rains Wednesday, about thirty members of the Domestic Science club and several guests met at the bath house at 10:30 and were taken to the home of Mrs Charles Olson to spend the day. The morning was spent with needlework and knitting and at 1 o'clock a delicious luncheon was served by Mrs Powers and her refreshment committee. Many beautiful roses from the gardens of the members were used to decorate the rooms. In the afternoon the club president, Mrs Arthur Dibbens, called the members to order for a short business meeting at which time the following new members were elected: Mrs Robinson, Mrs G O Nichols, Mrs Folts, Mrs Seth Barrett, Mrs Wright and Mrs Woodworth. Plans were made for the cooked food sale, doughnut demonstration and luncheon which will be given Saturday in the Tom Jenkins building, the proceeds of which will go to pay the City Federation scholarship. Yesterday's meeting was the last regular meeting until September but the members will entertain their families with a picnic sometime in June. Mrs Emma Miller, a charter member was present for the first time in many months and Mrs E J Allen of Kansas, an out of town member, was also present. Other guests were Mrs O F Cole and Mrs Robbins of Durango, Colo.; Madames Wright, Woodworth, Barrett, Daniel Keifler, E Cook and Lucile Burke.

London, May 8—Housing schemes to replace the slums of London are abundant in these days of reconstruction, but none is attracting more attention than that in the congested district of Southwark, where the Duchess of Marlborough recently purchased a tract of land.

The plan is to erect modern tenements, with bathroom and hot water on every floor and a playground on the roof. A perambulator shed in the basement is designed to eliminate the necessity of dragging heavy baby carriages upstairs. A central laundry with mechanical driers is to be located in the lower part of the building.

There are now no such tenements with these conveniences in London, and some doubt is expressed as to the future popularity because of the liking of London women for "detached" or "semi-detached" houses, even though they are not modern.
